Respected Seniors and Dear friends,

Johar! (Greetings)

It gives us immense pleasure in inviting you to the **East practical Neurology update 2025** to be held at **Ranchi** on **27th and 28th June 2025** and **Mid-Term National Neurosonology Meet 2025** to be held on **29th June 2025**. Given the increase in life expectancy in the country, neurological disorders make a significant proportion of illness leading to morbidity and mortality. As evolution in neurosciences has been very fast in the last few decades, it is prudent to educate ourselves on a regular basis. The knowledge of practical aspect of management of these disorders is something which is a must for clinicians working in this field. Additionally, Neurosonology has been an upcoming subspecialty and neurologists need to be trained in this field for fast and better bedside diagnosis of various ailments. Hence, this meeting is deemed to go a long way in upgrading our skills which would ultimately benefit the society at large.

Ranchi is the capital of the Indian state of Jharkhand. The Jharkhand state was formed on 15 November 2000 by carving out the Bihar divisions of Chota Nagpur and Santhal Parganas. Ranchi has been selected as one of the hundred Indian cities to be developed as a smart city under PM Narendra Modi's flagship Smart Cities Mission.

The City of Waterfalls' as Ranchi is famously called, is one of the most privileged places on earth that enjoys nature's generosity in its fullness. The capital of Jharkhand is a feast to your eyes and soul. The hilly topography of Ranchi earned it the name 'Hill station' during British reign.

The Venue for **East practical Neurology update 2025 & Mid-Term National Neurosonology Meet 2025** is **Chanakya BNR Hotel** which is situated in the center of the city.

We look forward to welcoming you in Ranchi in June to **East practical Neurology update 2025 and Mid-Term National Neurosonology Meet 2025** which promises to be an academic feast for everyone.

With warm regards
